Dear Supporter,

This is the first of a series of communications from GALEO to keep the community informed on what we are accomplishing and how you can help us accomplish our goals with your partnership.

Mission Statement:

The Georgia Association of Latino Elected Officials (GALEO) is established to increase representation of Latino/Hispanic elected and appointed officials, to proactively address the issues and needs of the Latino community, and to engage the Latino/Hispanic community in the democratic and policy process across the State of Georgia.

To learn more about how we have been able to accomplish this, please visit our website, www.galeo.org, on a regular basis.

We will continue these newsletters on a monthly basis to keep our supporters, members, and our community informed on what is happening in our state as it pertains to Latino issues.

- Atlanta Latino Editorial: Voter registration effort worthy of admiration

It is no longer surprising to hear that the power of the Latino vote will be decisive in the elections later
this year.

There is also little talk about the efforts of some non-profit organizations striving to maintain political and social hope in a community. - Georgia Latino Vote 2004 Needs Volunteers in Cobb, Gwinnett & Hall Counties

The Georgia Latino Vote 2004 is a nonpartisan effort to double the number of Latino registered voters in time for the November 2004 elections. All Latinos and those that work with the Latino community should get involved in this historic initiative to provide a stronger and more unified voice for Latinos in Georgia.

"Give 5 for Latinos in Georgia"

We are asking for people to volunteer 5 hours of their time in these efforts. We began our field voter registration efforts in DeKalb County and are moving to Cobb, Gwinnett and Hall Counties. If everyone gives only FIVE hours of their time to register voters, we will move closer to having better representation on important issues across the state that have a tremendous impact on the Latino community. These issues are as diverse as education, access to affordable healthcare, job/economic development, access to services, and immigration reform.
