

January was full of planning and community outreach for GALEO. Our GALEO Familia is thrilled to show our community the work we have been doing.

## January Updates

- GALEO goes to the Zoo! We had an exploratory visit with the Education Department for the Zoo of Atlanta. We are looking forward to work together and bring more partnership opportunities!

- We will be hosting a silent auction to raise funds for our organization and 20th Anniversary Gala. Contact [escott@galeo.org](mailto:escott@galeo.org) for more information.
- Staff had a wonderful time at the welcoming lunch to our new Program Coordinator for Communications, Lorena Mora. Our GALEO family keeps growing!
- Getting ready to celebrate Black History Month! Let's celebrate the contribution of African Americans and Afro-Latinos in the development of our community.
- February it's our GIL month! We are so excited about our Cohort 2023 and we can't wait to nurture more leaders in our community. Our students are becoming more knowledgeable, skilled, committed and action oriented leaders. For more information visit <https://galeo.org/leadership/leadership-overview/>

## New Staff Member!

Welcome to Lorena Mora, who is our new Program Coordinator for Communications! Born and raised in Colombia, Lorena has experience and knowledge in all communication fields, a bachelor's degree in Science of Communication and Journalism from Autónoma de Occidente University in Colombia, and a Master's degree in Audiovisual Communication from the Catholic University of Argentina.

A significant experience in her career was creating and leading the Communications Office for the Colombian National Army Corps of Engineers for three years. Another meaningful experience for her was being part of EFE Agency, a Spanish

international news agency, the primary multimedia news agency in Spanish language and the world's fourth largest wire service after the Associated Press, Reuters, and Agence France-Presse  
Lorena fell in love with Georgia at first sight, dazzled with the native natural world, beautiful birds, and incredible trees. She hopes she can impact communities so people can love, treasure, protect and preserve nature.
